Maximiliano T. Gomez

FULLSTACK JUNIOR

MAXIMILIANO TOMÁS GOMEZ

ABOUT ME

I'm 22 years old, live in Argentina, Buenos Aires, and study at the National University of Hurlingham (since 2021), where I completed all my courses with a 9.11 GPA. I only need to complete my thesis to earn my university degree in programming.

I'm passionate about learning new technologies and staying up to date with industry trends; I'm always looking for opportunities to challenge myself and grow as a developer.
